Dear Parent/Guardian,

Your child has expressed an interest in taking part in the UKMT Junior Maths Challenge.

The UKMT Junior Maths Challenge is a multiple-choice question paper which is aimed at the very best mathematician in years 7 and 8. It encourages **mathematical reasoning**, **precision of thought**, and **fluency** in using basic mathematical techniques to solve interesting problems.

The UKMT Junior Maths Challenge is taking place between 26th – 29th April. The challenge will take place online and at home, after the school day.

The paper consists of 25 multiple choice questions in which students have 60 minutes to complete. Gold, silver and bronze certificates are awarded to 40% of participants nationally.

Students can prepare for the challenge by completing UKMT questions on the Dr Frost website. Additionally, there are practice papers available on the UKMT website which can be found here:

<https://www.ukmt.org.uk/competitions/solo/junior-mathematical-challenge/archive>

It is great that your child has expressed their enthusiasm for maths and this is a great opportunity for them to practice their problem solving skills.

Kind regards,

Miss C Murray
