

Y9 Unit 2 Review - Expressions and Formulae

Non-Calc

Calc

Question	Topic	Mark	Out of	RAG	DFM Key Skills	Fixed?
1	Solving two step equations		1		177	
2	Solving algebraic equations with unknowns on both sides		2		229	
3	Substitution into a formula		2		117	
4	Expanding double brackets		2		318, 319	
5	Simplifying algebraic fractions using rules of indices		2		55, 168	
6	Expanding brackets to solve an equation		2		124	
7	Substituting two unknowns into a formula		2		119	
8	Simplifying an algebraic division the rules of indices		1		160	
9	Substitution involving square and cube roots		2		118	
10	Expanding brackets to simplify an expression		2		124	
11	Forming an equation to solve		2			
12	Algebraic problem solving		3		250, 251	
13	Calculating force using $F=ma$		1		119	
14	Changing the subject of an equaiton		2		247, 248	
15	Substituting two unknowns with powers		2		119, 120	
16	Substituting negative numbers		2		120

You must complete a minimum of 3 DFM Key Skills Tasks
Any topics that score a RED must be completed on DFM Key Skills (minimum of 3)
If you have no REDs, then you must complete the AMBERs instead.
