Dear Parent

Wideworld magazine

As in previous years, the Geography Department is offering its GCSE students the opportunity to purchase a very useful magazine, intended to supplement their studies. While purchase of this magazine is by no means compulsory, it is something that students will find both useful and interesting, and it does satisfy, in part, the need to read around and consider one's subject in greater depth than is possible in classroom teaching alone. This is a crucial element of academic study at GCSE level; and also a highly desirable one at Urmston Grammar, fulfilling the attitude to learning grade 1 criteria of being a pro-active learner.

The Wideworld magazine includes specially written articles, in the form of up to date case studies to help improve knowledge of the key topics at GCSE and beyond, and an understanding of the geography of people and places around the world. In addition, regular features help develop geographical skills and examination techniques.

For just £15, your son / daughter will receive four full colour 24 page issues of the magazine over one academic year. If you wish your son / daughter to take up this offer please make the relevant payment on ParentPay by Monday September 28th. If your son / daughter is in Year 11 and subscribed last year they will need to purchase the subscription again for Year 11, equally if they did not have it in Year 10 they can subscribe just for Year 11.

Yours sincerely

Mrs C Bramwell
