RE: Success Task 6 – Revision Planning

Dear Year 11 Parents and Carers,

On Wednesday Year 11 students had their sixth Success Assembly focusing on how to plan their revision effectively for the Easter break. A recording of this assembly can be found [HERE](#).

A thorough amount of revision during the Easter holiday has the potential to set students up for success in their summer GCSEs. We have instructed students that a minimum of 30 hours (an average of 2 hours per day) of revision is needed, though would recommend students to aim for 50 hours or more during the two week break as this equates to the hours of work which would be completed during two weeks in school.

Students have been set the 'Success Task' of mapping out what their revision plan will look like for the Easter break. They also need to draw up a priority list of topics to focus on for each subject. We encourage students to adopt the 'Pomodoro Technique' which structures work into smaller bitesize tasks – a video explanation of this can be found [HERE](#).

Students are expected to bring their fully completed revision timetables into form on Monday 18th March.

Yours sincerely,

Mr T Kennedy-Fowler
Deputy Headteacher
