

Urmston Grammar School

8th January 2026

Dear parent/carers,

The school and I, as the Careers Adviser, will be supporting students in Year 10, particularly during the Spring and Summer Terms, and I hope the following information is useful to you regarding their future post-16 plans.

On Friday students will begin their Careers lessons as part of PSE. For information on the Careers provision for Year 10 students over the next few months, please view the attached document **Year 10 Careers Spring Term 1 Schedule 2025-26**. Further information can be found within the Careers section on the school website.

Year 10 have already had the opportunity for several employer encounters this year to increase their awareness of careers in different sectors, through the invitation to attend the school Careers Fair in December. They will also have an assembly on Friday 23rd January with a presentation from an employer.

All students in Years 7-13 have access to Unifrog. Year 10 students will be able to explore this careers software further during their Careers lessons.

Urmston Grammar School are committed to ensuring that all students are informed about their future pathways and career options. We also hope that you are finding the weekly Careers Newsletters informative and useful, and that they help you support your child.

Please do contact me at any point if you would like to discuss your child's future plans.

Yours faithfully,

Amy Marshall
CEIAG Co-ordinator (Careers Adviser & Careers Co-ordinator)
