

Urmston Grammar School

Dear Parent/Guardian,

We are pleased to announce that the Mathematics Competition for Girls 2026 will take place in school at the beginning of the next academic year on 22nd September 2026. We would like to offer this exciting opportunity to all girls in (the current) Year 10 and Year 12.

If you would like your child to take part in this competition, please confirm their place by making a payment of £4.50 via ParentPay to cover the entry cost. For students eligible for Pupil Premium or bursary funding, the school will be able to cover the cost, please just complete the consent form on ParentPay. The deadline for ParentPay payments/consent is **Friday 19th June at 9am**.

This opportunity is designed to inspire and challenge young female mathematicians across the UK.

It is a 90-minute test, with 5 answer-only questions worth 10 marks each (with no negative marking). Students will also receive more details in school about what to expect and how to prepare in the lead up to the competition.

We hope your child will be interested in taking part and will enjoy the experience.

Kind regards,

Mrs Hodson

Teacher of Mathematics
