

Urmston Grammar - GCSE Course Information

The following information has been provided to assist parents/carers in guiding their son/daughter through their GCSE courses. Please note that:

- This information is for Y10s starting their GCSEs in Sept 2026. For other year groups the information is likely to be largely the same though there may be some differences regarding exam boards.
- NEA stands for 'Non-examined assessment' and essentially means coursework.
- The only subjects which have higher and foundation tiers of entry are Maths, Sciences and Modern Foreign Languages. Decisions regarding tiers of entry are made in the spring term of Year 11.

Core Subjects
