Dear Parents,

Following the recent end-of-term assessment, we would like to offer your child some additional support to keep you on track with their maths.

We are asking them to prepare for and complete a retest to improve their understanding of topics that they may have found difficult last term. **The re-test will be available to complete from Monday 13th Dec and is due on or before Wednesday 15th Dec.**

We are trying to support their learning as best we can and would appreciate your support in doing this from home as well. The retest will take place on Monday the 13th Dec and will focus on the main skills from the end-of-term assessment. It will be set on Dr Frost Maths and they will have until Wednesday 15th Dec to complete it.

In order to correctly prepare for this retest, they should use the following:

- The DFM Key Skills numbers from your review sheet from the test. [LINK](#)
- The video solutions of the assessment: [LINK](#)
- The revision worksheets saved in the Maths folder on the Shared Drive. [LINK](#)

Their usual class teacher will check that a satisfactory amount of work has been completed in the week before the retest. This can be done on DFM.

If you have any questions, please contact their class teacher. Thank you for your support.

Kind regards,

Mr Penney
