September 2022

Dear parents and guardians,

From Monday 3rd October, our Year 13 Chemistry students will have the opportunity to attend lunchtime clinics (13.15 – 13.45 in room S4) to support their learning in the subject. These will continue throughout the year until May 2023. Please see the list adjacent for dates and topics covered.

These sessions will be targeted at individual areas of the A-level Chemistry specification and delivered by all teachers of Year 13 students. For the vast majority of students, these will be optional to attend.

As your child has found it difficult to improve their attainment after their recent re-sit exam, we would like your support in ensuring that your child **attends all the support sessions offered for Chemistry**. We will monitor their attendance at these sessions by taking a register and will inform you via email if they do not attend.

If you have any questions, please contact me via email: tparker@urmstongrammar.org.uk.

Kind regards,

Mr T Parker
Head of Chemistry

Day	Date	Topic
MONDAY LUNCH: 13.15 - 13.45	03/10/2022	Periodicity
	10/10/2022	Group 2
	17/10/2022	Group 7
	24/10/2022	
	31/10/2022	Haloalkanes - properties
	07/11/2022	Haloalkanes - mechanisms
	14/11/2022	Amounts of substance 1 (fund.)
	21/11/2022	Amounts of substance 2 (adv.)
	28/11/2022	Hess' Law
	05/12/2022	Calorimetry
	12/12/2022	Gibbs Free Energy
	19/12/2022	
	26/12/2022	
	02/01/2023	
	09/01/2023	Kinetics
	16/01/2023	Alcohols
	23/01/2023	Carboxylic acids
	30/01/2023	Acids and bases 1
	06/02/2023	Acids and bases 2
	13/02/2023	
	20/02/2023	Rate equations
	27/02/2023	Aromatics
	06/03/2023	Amines
	13/03/2023	Transition metals - properties
	20/03/2023	Transition metals - reactions
	27/03/2023	NMR (fund.)
	03/04/2023	
	10/04/2023	
	17/04/2023	NMR (adv.)
	24/04/2023	Amino acids
	01/05/2023	Organic synthesis
	08/05/2023	Electrode potentials
