RE: Y8 Summer Assessment Week

Dear Year 8 Parents and Carers,

The week beginning **Monday 22nd May** will be the Summer Assessment Week for Year 8. This is an important time as it gives students the opportunity to demonstrate progress and learning from across the year. The outcomes of these assessments will serve to inform students where their areas of strength lie, and will also be useful to identify areas for development so students can seek to improve.

Further information regarding the assessment week is as follows:

- Year 8 students will sit test papers in English, Maths, Science, History, Geography, Religious Studies, French and German. These will take place in classrooms during timetabled lessons.
- Please find attached the timetable for the assessment week which informs students when the test will be in each subject. This has been designed to ensure where possible assessments are spread across the week. In some cases, due to timetable restrictions, some assessments may be sat the week **before** the official assessment week. These are indicated under the timetable.
- Tests are either sat in form groups or in J and K band classes. Any student unsure of the class code for J and K band classes can check this on their timetable or confirm with their subject teacher as necessary.
- Revision lists will be posted on ShowMyHomework shortly. We encourage you to support your son/daughter in conducting suitable preparation for their assessments.
- Students will not sit formal tests in Art, Computer Science, D&T, Drama, Food, Music or PE, however other formats of summative assessment will be conducted during the summer term in lessons.
- All results will be reported back to parents/carers in the tracking report later in the summer term.

Many thanks for your ongoing support. We look forward to seeing the progress all students have made this year.

Yours sincerely,

Mrs S Ryan
Year 8 Pastoral Leader
