18<sup>th</sup> September 2023

Dear Parents and GCSE Geographers

I am writing to let you know about resources that are now on Parentpay.

They are currently available to schools at a much lower cost than elsewhere, so are great value for money.

The revision cards are £4.60. I know a few of the Year 11s have these and really enjoy testing each other with them, my classroom set is always in high demand. The same company (CGP) offer a great exam practice workbook, and this is £3.60.

There is also a new book (by OUP), it combines summary revision notes with exam practice, I haven't previously seen such a good, comprehensive book like this, having seen the advance copy I would encourage purchase of this. This is available at £5.85 through Parentpay.

Unlike CGP we are charged for delivery of these books and therefore, we will place a first (of three) order for these on Friday 22<sup>nd</sup> September, another around October 12<sup>th</sup> (so students have books for half term, and before Year 11 November exams) and a final order in the Summer term.

Year 11 should already be revising little and often, and these resources would support revision and exam preparation work done in class. Year 10 can use these resources to revise topics as they are completed, but they also serve as great sources of preparation tasks and information.

Ms C Bramwell

(Head of Geography)
