Dear Parent / Guardian,

I am writing in connection with your child's recent interim report regarding their Attitude for Learning Grades. This grade relates to the amount of overall effort a pupil is putting into a particular subject in terms of both classwork and homework. It can also relate to their concentration levels in that lesson and their organisational abilities.

(Please see below for a guide to Attitude For Learning Grades)

- 1. Proactive and positive attitude to all aspects of learning.**
- 2. Positive attitude to learning.**
- 3. Disappointing attitude to learning at times. Immediate improvement needed.**
- 4. Negative attitude to learning. Major improvement required.**

Your child has made a fantastic start to the GCSE course by gaining Grade 2s and above! This is evidence of a mature approach to their studies which should see them go from strength to strength.

Thank you for your continued support,

Kind Regards,
Mr M. Bird
Head of Year 10.
